 - k. The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Rules, 2013;
 - l. GST Act & Rules made thereunder;

I have also examined compliance with the applicable provisions of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India.
- (ii) The Listing Agreements entered into by the Company with BSE Limited.

To the best of my knowledge and belief, during the period under review, the Company has generally complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

I further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Director, Non-Executive Directors and Independent Directors and a Woman Director. There were no changes in the composition of the Board of Directors during the period under review. However, Mr. Tarak Patel, Director of the Company has resigned with effect from 11th May, 2022.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decisions is carried through while dissenting members' views are captured and recorded as part of the minutes.

I further report that based on review of compliance mechanism established by the Company and on the basis of Compliance Certificates issued by the Company Secretary, I am of the opinion that there are adequate systems and processes in the Company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

Management Discussion and Analysis

The Company had been impacted due to Covid-19 during the year that has gone by. The situation has now radically improved in a significant way.

We Skyline Millars Limited (SML) have followed all controls and protocols as mandated by the Central and State Governments and the local authorities so that our employees remain safe and unaffected.

However the impact on realty sector has been significant and the buyer sentiment continues to be low. Additionally escalating commodity prices and inflation are likely to further dampen growth and operations.

In the last year, we have adopted a wait and watch policy and have not embarked on any new realty project. Also whenever possible SML has sold completed properties at marked determined prices. This along with being debt free has enabled the company to steer without creating any additional liabilities.

At this juncture, SML is focusing on selling any of our Land or other Assets which are not creating value for the company at market acceptable prices.

SML is still awaiting approval from Regulatory authorities regarding the stalled project at Ghatkopar. This project is central to business activities in the realty sector for SML and is the key driver for growth and profit. Stalling of this project for such a long time had very negative impact on operations, future plans, growth and profits.

The Board of Directors are also engaged in setting the future directions for SML. We want to take advantage of the change in circumstances and consider activities and plans in related and other fields for future business outlook and growth.

Operations at Skyline Millars

The revenue from sales and other income for the year under question was Rs. 207.09 lacs against Rs. 491.59 lacs in the previous year. The profit from ongoing operations was Rs. 82.60 lacs as against a Profit of Rs. 306.85 lacs in the last year.

Skyline Millars has sold approximately 3606.14 sqm of office space at Ghatkopar out of a total of 6839.98 sqm.

Your company is also actively working to dispose of the land at Wada at a market-determined price. The current situation is undoubtedly impacting the selling process, but we expect a favorable outcome as soon as normalcy returns. We are still waiting for the final approval from statutory and regulatory authorities for the stalled activity at Ghatkopar. The strategy for utilizing this asset shall only unfold once approvals are received.

In the last financial year the Company has disposed off the Umreth Division and the focus would be on selling remaining flats at Karjat. Also, all efforts would be made to sell the land at Wada and seek regulatory approvals for the pending project at Ghatkopar.

Outlook opportunity and threats

While the long-term outlook for the real estate industry remains positive, the current day challenges are going to be high and the industry will have to find ways and means to handle them. It will be imperative to find methods to lower costs, so as to improve sales and customer acceptance. At the moment due to Covid-19 servicing housing loans would be an area of concerns for the buyers. All of these issues will impact profitability in the immediate term.

It is necessary at this moment that the regulatory authority's speed-up the approval processes, to help improve the pace of completion and reduce delays. The realty industry remains the largest employment generator in the country. It is now more than any time before regulatory facilitation and stimulus is required to ensure long term health of the segment.

Risks and concerns

The Company has built in procedures and practices to effectively handle and mitigate the adverse effect of business risks. A risk management policy is in place and procedures are laid down to handle risks while carrying out the business and operations of the Company to the best advantage of all stakeholders, so as to ensure continuity of business and improve shareholder value. However, it is practically not possible to thwart all the risks and the Company has to absorb the impact of some of the risks in either the form of additional cost or losses for the same.

Internal Control Systems and their Adequacy

SML has in place proper and adequate system of internal controls. All assets of the Company are adequately safe guarded and protected against loss or unauthorized use or disposal. It is ensured that all commercial transactions are duly authorized, recorded and reported correctly. The internal control systems are robust and are supplemented by extensive internal audits and periodic review by the management. The system is designed to adequately ensure that financial and other records are reliable for presenting financial information and other data including maintenance of fixed assets. The audit committee reviews observations and recommendations contained in the Internal Audit Reports during its periodic meetings wherein the internal auditors also participate during the discussion.

Discussion on Financial Performance including segment-wise business performance

The financial performance including segment-wise business performance of the Company has been detailed in the Director's Report and the Financial statement for the year ended 31st March, 2022.

Material Development in Human Resources /Industrial relations

The organizational structure at SML is continuously evolving so as to effectively meet the business challenges. There is ever a constant effort to follow good human resource practices. The Company strives to create a working environment which is motivating and challenging to all employees so that they can realize their full potential. Individuals are encouraged to think differently and innovate with new ideas while meeting the goals of the Company. The Company strongly believes that the quality and motivation and dedication of its employees is its strongest assets.

Information Other than the Financial Statements and Auditor's Report Thereon

The company's Board of Directors is responsible for the other information. The other information obtained at the date of this auditor's report is other information included in Board of Directors Report including Annexures to such report but does not include the Ind AS Financial Statements and our Auditor's Report thereon.

Our opinion on the Ind AS Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS Financial Statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Ind AS Financial Statements that give a true and fair view of the financial position, financial performance including Other Comprehensive Income, cash flows and Changes in Equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act, read with relevant rules issued thereunder. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS Financial Statements, including the disclosures, and whether the Ind AS Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flow and Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid Ind AS Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on 31st March 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure A".
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended; we report that in our opinion and to best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors is in accordance with the provisions of this section.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigation on its financial position in its financial statement. Refer Note 33 of the financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and
 - iii. There has been no delay in transferring amounts, required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
 - v. The Company did not declare or paid any dividend during the year.
2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

**Annexure – A TO THE INDEPENDENT AUDITOR'S REPORT**

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Skyline Millars Limited ("the Company") as of 31 March 2022 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintain internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by ICAI (the "Guidance Note") and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining and understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable

assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**ANNEXURE - B TO THE INDEPENDENT AUDITOR'S REPORT**

(Referred to in Paragraph 2 under the heading of "Report on Other Legal and Regulatory Requirements" of our report of even date)

- i. In respect of its Property Plant & Equipment and Intangible Assets (PPE);
 - (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment and relevant details of right-of-use assets.
(B) The Company has maintained proper records showing full particulars of Intangible Assets.
 - (b) The Company has a program of verification to cover all items of property, plant and equipment in a phased manner which, in our opinion, is reasonable having regard to the size of the Company and the nature of its property, plant and equipment. Pursuant to the program, a portion of the property, plant and equipment have been physically verified by the management during the year and no material discrepancies have been noticed on such verification.
 - (c) The title deeds of all the immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of lessee), disclosed in the financial statements are held in the name of the Company.
 - (d) the company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets during the year.
 - (e) According to the information and explanations given to us, no proceedings have been initiated or are pending against the company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.
- ii.
 - (a) The inventories have been physically verified by the management during the year. In our opinion, the frequency of verification is reasonable. No discrepancies noticed on physical verification of stocks as compared to the books records.
 - (b) The Company has not obtained any sanctioned working capital limit during the year, from banks and/or financial institutions, on the basis of security of current assets. Therefore, reporting under clause (ii)(b) of paragraph 3 of the Order is not applicable.
- iii. During the year, the Company has not made investments in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, reporting under clause (iii) (a) to (f) of paragraph 3 of the Order is not applicable.
- iv. In our opinion and according to the information and explanations given to us and on the basis of examination of records of the Company, the Company has not granted any loans, made any investments or provided any guarantees or securities covered under section 185 and 186 of the Companies Act, 2013 and hence reporting under paragraph 3(iv) of the Order is not applicable.
- v. In our opinion, the Company has not accepted any deposits or amounts which are deemed to be deposits. Accordingly, reporting under clause (v) of paragraph 3 of the Order is not applicable.
- vi. We have been informed that, The Central Government has not prescribed the maintenance of cost records for the Company under sub-section (1) of section 148 of the Act and the rules framed there under. Accordingly, reporting under clause (vi) of paragraph 3 of the Order is not applicable.

- vii. (a) According to the information and explanations given to us and based on the records of the Company examined by us, in our opinion, the Company is generally regular in depositing the undisputed statutory dues, including Provident Fund, Employees’ State Insurance, Income-tax, Excise Duty, Custom Duty, Goods and Service Tax, Cess and other material statutory dues, as applicable, with the appropriate authorities.

According to the information and explanations given to us and based on the records of the Company examined by us, in our opinion, no undisputed amounts payable in respect of Provident Fund, Employees’ State Insurance, Income-tax, Excise Duty, Custom Duty, Goods and Service Tax, Cess and other material statutory dues, as applicable were in arrears as at 31st March 2022 for a period of more than six months from the date they became payable.

- (b) Details of dues of Income Tax, Sales Tax and Value Added tax which has not been deposited as on 31st March, 2022 on account of disputes are given below:

Name of the Statue	Nature of Dues	Amount (Rs in Lakhs)	Period to which the amount relates	Forum where the dispute is pending
Income Tax Act, 1961	IT Matters under dispute	0.75	AY 2007-08	Assistant Commissioner of Income Tax
Income Tax Act, 1961	IT Matters under dispute	11.77	AY 2011-12	ITAT
Income Tax Act, 1961	IT Matters under dispute	31.28	AY 2013-14	Commissioner of Income Tax (Appeals)

- viii. We have not come across any transaction(s) which were previously not recorded in the books of account of the Company that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.

- ix. (a) The Company has not taken any loans or other borrowings from any lender. Accordingly, reporting under clause (ix)(a) of paragraph 3 of the Order is not applicable.
- (b) The Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.
- (c) The Company did not obtain any money by way of term loans during the year. Accordingly, reporting under clause (ix)(c) of paragraph 3 of the Order is not applicable.
- (d) On an overall examination of the financial statements of the Company, no funds raised on short-term basis have, been used for long-term purposes by the Company
- (e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures as defined under the Act.
- (f) The Company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies, as defined under the Act.
- x. (a) In our opinion, and according to the information and explanations given to us, the Company did not raise any money by way of initial public offer or further public offer (including debt instruments) during the year.

- (b) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year
- xi. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of fraud by the Company or on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of any such case by the Management.
- (b) No report under section 143(12) of the Act has been filed with the Central Government by the auditors of the Company in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014, during the year or up to the date of this report.
- (c) According to the information and explanations given to us, there are no whistle blower complaints received by the Company during the year and up to the date of this report.
- xii. The Company is not a Nidhi Company as defined under section 406(1) of the Act and thus reporting under paragraph 3(xii) (a) to (c) of the Order is not applicable.
- xiii. The transactions entered by the Company with related parties are in compliance with section 177 and 188 of the Act, the details of all such transactions have been disclosed in the Financial Statements as required by the applicable Accounting Standards.
- xiv. (a) In our opinion the Company has an internal audit system commensurate with the size and nature of its business.
- (b) We have considered, the internal audit reports for the year under audit, issued to the Company, in determining nature, timing and extent of our audit procedure.
- xv. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into any non-cash transactions with its directors or persons connected with them. Accordingly, reporting as per paragraph 3(xv) of the Order is not required.
- xvi. The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Therefore, reporting under clause (xvi)(a) to (d) of paragraph 3 of the Order are not applicable.
- xvii. The Company has not incurred cash losses in the current and the immediately preceding financial year
- xviii. There has been no resignation of the statutory auditors during the year and accordingly, reporting under clause (xviii) of paragraph 3 of the Order is not applicable.
- xix. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- xx. The provisions of section 135 of the Act are not applicable to the Company. Hence, reporting under clause (xx) of paragraph 3 of the Order is not applicable.

**COMPANY BACKGROUND**

Skyline Millars Limited (“the Company”) is a public limited company incorporated and domiciled in India. The Company’s registered office is located at 4th Floor, Churchgate House, 32-34, Veer Nariman Road, Fort, Mumbai- 400001, India.

1. Significant accounting policies**1.1. Basis of Preparation and Presentation**

The financial statements have been prepared in accordance with Indian Accounting Standards (‘Ind AS’) notified under section 133 of the Companies Act, 2013, read together with the Companies (Indian Accounting Standards) Rules, 2015 (as amended).

The financial statements have been prepared and presented under historical convention, on the accrual basis of accounting except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

All assets and liabilities have been classified as current or non-current as per the Company’s normal operating cycle and other criteria as set out in the Division II of Schedule III to the Companies Act, 2013. Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

The preparation of the Company’s Financial Statements requires the management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

1.2. Summary of Significant accounting policies**a) Revenue recognition**

The Company derives revenues primarily from sale of manufactured goods, traded goods and related services. The Company is also engaged in real estate property development.

Effective 01 April 2018, the Company has adopted Indian Accounting Standard 115 (Ind AS 115) - ‘Revenue from contracts with customers’ using the cumulative catch-up transition method, applied to contracts that were not completed as on the transition date i.e. 01 April 2018. Accordingly, the comparative amounts of revenue and the corresponding contract assets / liabilities have not been retrospectively adjusted. The effect on adoption of Ind-AS 115 was insignificant.

Revenue is recognized on satisfaction of performance obligation upon transfer of control of promised products or services to customers in an amount that reflects the consideration the Company expects to receive in exchange for those products or services.

Sale of products:

Revenue from sale of products is recognized when the control on the goods have been transferred to the customer. The performance obligation in case of sale of product is satisfied at a point in time i.e., when the material is shipped to the customer or on delivery to the customer, as may be specified in the contract.

Rendering of services:

Revenue from services is recognized over time by measuring progress towards satisfaction of performance obligation for the services rendered.

Real Estate:

The revenue recognition of Real estate property under development requires forecasts to be made of total budgeted costs with the outcomes of underlying construction contracts, which further require assessments and judgements to be made on changes in work scopes and other payments to the extent they are probable and they are capable of being reliably measured. However, where the total project cost is estimated to exceed total revenues from the project, the loss is recognized immediately in the Statement of Profit and Loss.

Contract Balancesa) Contract Assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

b) Contract Liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs under the contract.

b) **Borrowing costs**

Borrowing costs, if any, directly attributable to acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets. All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost

**c) Employee benefits**Post-Employment Benefits:1. Defined Contribution plans:

The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

2. Defined Benefit plans - Gratuity:

The liability is recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised at amount net of taxes in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in statement of profit and loss as past service cost

Other Long Term Employee Benefits:

Liability in respect of compensated absences becoming due or expected to be availed more than one year after the balance sheet date is estimated on the basis of an actuarial valuation performed by an independent actuary using the projected unit credit method. Actuarial gains and losses arising from past experience and changes in actuarial assumptions are charged to statement of profit and loss in the year in which such gains or losses are determined.

Short-term employee benefits

A liability is recognised for benefits accruing to employees in respect of salaries, wages, performance incentives, medical benefits and other short term benefits in the period the related service is rendered, at the undiscounted amount of the benefits expected to be paid in exchange for that service.

**d) Income Taxes**

Tax expense is the aggregate amount included in the determination of profit or loss for the period in respect of current tax and deferred tax.

Current tax

Current tax is determined on taxable profits for the year chargeable to tax in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961 including other applicable tax laws that have been enacted or substantively enacted.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax asset is recognised for the carry forward of unused tax losses and unused tax credits to the extent that it is probable that future taxable profit will be available against which the unused tax losses and unused tax credits can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at tax rates that are expected to apply in the period in which the liability is settled or asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

e) Property, plant and equipment

An item of property, plant and equipment that qualifies as an asset is measured on initial recognition at cost. Following initial recognition, items of property, plant and equipment are carried at its cost less accumulated depreciation and accumulated impairment losses.

The cost of an item of property, plant and equipment comprises of its purchase price including import duties and other non-refundable purchase taxes or levies, directly attributable cost of bringing the asset to its working condition for its intended use and the initial estimate of decommissioning, restoration and similar liabilities, if any. Any trade discounts and rebates are deducted in arriving at the purchase price. Cost includes cost of replacing a part of a plant and equipment if the recognition criteria are met.

Depreciation on each part of an item of property, plant and equipment is provided using the Straight Line Method based on the useful life of the asset mentioned below:

Estimated useful lives of the assets are as follows:

Classes of Property, Plant and Equipment	Useful life (years)
Building	60
Furniture and fittings	10
Office equipment	5
Motor Car	8
Computer	3

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

f) Intangible assets

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the assets will flow to the Company and the cost of the asset can be measured reliably.

Intangible assets are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired.

De-recognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from de-recognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, is recognised in profit or loss when the asset is derecognised.

Useful lives of intangible assets

Estimated useful lives of the intangible assets are as follows:

Classes of Intangible Assets	Useful life (years)
Computer Software:	
Acquired	As per Licence period

g) Impairment

At the end of each reporting period, the Company determines whether there is any indication that its tangible and intangible assets have suffered an impairment loss with reference to their carrying amounts. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognised, if the carrying amount exceeds the recoverable amount. Recoverable amount is higher of

the fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

When an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

h) Leases

Ind AS 116 requires lessee to recognise a liability to make lease payments and an asset representing the right to use asset during the lease term for all leases except for short term leases and leases of low-value assets, if they choose to apply such exemptions.

At the commencement date, Company recognise a right-of use asset measured at cost and a lease liability measured at the present value of the lease payments that are not paid at that date. The lease payments shall be discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the lessee shall use the lessee's incremental borrowing rate

The cost of the right-of-use asset comprised of, the amount of the initial measurement of the lease liability, any lease payments made at or before the commencement date, less any lease incentives received, any initial direct costs incurred by the lessee

At the commencement date, the lease payments included in the measurement of the lease liability comprise (a) fixed payments less any lease incentives receivable; (b) variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date (c) amounts expected to be payable by the lessee under residual value guarantees; (d) the exercise price of a purchase option if the lessee is reasonably certain to exercise that option and (e) payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease

Depreciation on Right to use asset and impairment losses if any recognised in statement of profit and Loss on a straight line basis over the period of lease and separately recognises interest on lease liability as a component of finance cost in statement of profit and Loss.

On transition date, company measured the lease liability at the present value of the remaining lease payments, discounted using the lessee's incremental borrowing rate at the date of initial application and measured the right to use asset as its carrying amount as if the Standard had been applied since the commencement date, but discounted using the lessee's incremental borrowing rate at the date of initial Application. Company had recognised the cumulative effect of initially applying this Standard as an adjustment to the opening balance of retained earnings.

The company has no material impact on adoption of Ind AS 116 as at March 31, 2021.

i) Inventory

Raw materials, work-in-progress, finished goods, packing materials, stores, spares, components, consumables and stock in trade are carried at the lower of cost and net realizable value. However, materials and other items held for use in production of inventories are not written down below cost if the finished goods in which they will be incorporated are expected to be sold at or above cost. The comparison of cost and net realizable value is made on an item-by-item basis.

In determining the cost of raw materials, packing materials, stock-in-trade, stores, spares, components and consumables, First in First Out cost method is used. Cost of inventory comprises all costs of purchase, duties, taxes (other than those subsequently recoverable from tax authorities) and all other costs incurred in bringing the inventory to their present location and condition.

Cost of finished goods and work-in-progress includes the cost of raw materials, packing materials, an appropriate share of fixed and variable production overheads, excise duty as applicable and other costs incurred in bringing the inventories to their present location and condition. Fixed production overheads are allocated on the basis of normal capacity of production facilities

Realty Division :

Work in progress is valued at cost consisting of land, land development construction, infrastructure, finance cost of funds earmarked to the project and other cost directly attributable to the project or net realisable value.

j) Provisions and Contingencies

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources embodying economic benefits or the amount of such obligation cannot be measured reliably. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources embodying economic benefits is remote, no provision or disclosure is made.

k) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Financial assets

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instruments.

The Company classifies its financial assets into the following categories:

- i. Financial assets measured at amortized cost
- ii. Financial assets measured at fair value through other comprehensive income (FVTOCI)
- iii. Financial assets measured at fair value through profit or loss (FVTPL)

- i. Financial assets measured at amortized cost :

A financial asset is measured at the amortized cost if both the following conditions are met:

- a) The Company's business model objective for managing the financial asset is to hold financial assets in order to collect contractual cash flows, and
- b) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

This category applies to cash and bank balances, trade receivables, loans and other financial assets of the Company. Such financial assets are subsequently measured at amortized cost using the effective interest method.

Under the effective interest method, the future cash receipts are exactly discounted to the initial recognition value using the effective interest rate. The cumulative amortization using the effective interest method of the difference between the initial recognition amount and the maturity amount is added to the initial recognition value (net of principal repayments, if any) of the financial asset over the relevant period of the financial asset to arrive at the amortized cost at each reporting date. The corresponding effect of the amortization under effective interest method is recognized as interest income over the relevant period of the financial asset. The same is included under other income in the Statement of Profit and Loss.

The amortized cost of a financial asset is also adjusted for loss allowance, if any.

- ii. Financial assets measured at FVTOCI:

A financial asset is measured at FVTOCI if both of the following conditions are met:

- a) The Company's business model objective for managing the financial asset is achieved both by collecting contractual cash flows and selling the financial assets, and

- b) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

This category applies to certain investments in debt instruments. Such financial assets are subsequently measured at fair value at each reporting date. Fair value changes are recognized in the Other Comprehensive Income (OCI). However, the Company recognizes interest income and impairment losses and its reversals in the Statement of Profit and Loss.

On Derecognition of such financial assets, cumulative gain or loss previously recognized in OCI is reclassified from equity to Statement of Profit and Loss.

Further, the Company, through an irrevocable election at initial recognition, has measured certain investments in equity instruments at FVTOCI. The Company has made such election on an instrument by instrument basis. These equity instruments are neither held for trading nor are contingent consideration recognized under a business combination. Pursuant to such irrevocable election, subsequent changes in the fair value of such equity instruments are recognized in OCI. However, the Company recognizes dividend income from such instruments in the Statement of Profit and Loss.

On Derecognition of such financial assets, cumulative gain or loss previously recognized in OCI is not reclassified from the equity to Statement of Profit and Loss. However, the Company may transfer such cumulative gain or loss into retained earnings within equity

iii) Financial assets measured at FVTPL:

A financial asset is measured at FVTPL unless it is measured at amortized cost or at FVTOCI as explained above. This is a residual category applied to all other investments of the Company excluding investments in subsidiary and associate companies. Such financial assets are subsequently measured at fair value at each reporting date. Fair value changes are recognized in the Statement of Profit and Loss.

Derecognition:

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized (i.e. removed from the Company's Balance Sheet) when any of the following occurs:

- i. The contractual rights to cash flows from the financial asset expires;
- ii. The Company transfers its contractual rights to receive cash flows of the financial asset and has substantially transferred all the risks and rewards of ownership of the financial asset;
- iii. The Company retains the contractual rights to receive cash flows but assumes a contractual obligation to pay the cash flows without material delay to one or more recipients under a 'pass-through' arrangement (thereby substantially transferring all the risks and rewards of ownership of the financial asset);
- iv. The Company neither transfers nor retains substantially all risk and rewards of ownership and does not retain control over the financial asset.

In cases where Company has neither transferred nor retained substantially all of the risks and rewards of the financial asset, but retains control of the financial asset, the Company continues to recognize such financial asset to the extent of its continuing involvement in the financial asset. In that case, the Company also recognizes an associated liability. The financial asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

On Derecognition of a financial asset, (except as mentioned in ii above for financial assets measured at FVTOCI), the difference between the carrying amount and the consideration received is recognized in the Statement of Profit and Loss.

Impairment of financial assets

The Company applies expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, trade receivables, other contractual rights to receive cash or other financial assets, and financial guarantees not designated as at FVTPL.

Expected credit losses are measured through a loss allowance at an amount equal to:

- a. the 12 months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- b. full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring the lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

Financial liabilities

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

All financial liabilities are subsequently measured at amortised cost using the effective interest rate method.

Under the effective interest method, the future cash payments are exactly discounted to the initial recognition value using the effective interest rate. The cumulative amortization using the effective interest method of the difference between the initial recognition amount and the maturity amount is added to the initial recognition value (net of principal repayments, if any) of the financial liability over the relevant period of the financial liability to arrive at the amortized cost at each reporting date. The corresponding effect of the amortization under effective interest method is recognized as interest expense over the relevant period of the financial liability. The same is included under finance cost in the Statement of Profit and Loss.

Derecognition:

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the Derecognition of the original liability and the recognition of a new liability. The difference between the carrying amount of the financial liability derecognized and the consideration paid is recognized in the Statement of Profit and Loss.

l) Fair value measurements

The Company measures financial instruments at fair value in accordance with the accounting policies mentioned above. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either.

- In the principal market for the asset or liability.

Or

- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole.

- Level 1 --Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 --Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 --Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the balance sheet on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest input that is significant to the fair value measurement as a whole) at the end of each reporting period

For the purpose of fair value disclosures, the Company has determined classes of asset and liability on the basis of the nature characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

m) Cash and cash equivalents:

Cash and cash equivalents comprise cash on hand and demand deposits with banks which are short-term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

n) Non-Current Assets held for sale and discontinuing operations:

An entity shall classify a non-current asset (or disposal group) as held for sale if its carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sale of such asset and its sale is highly probable. Management must be committed to sale which should be expected to qualify for recognition as a completed sale within one year from the date of classification. Non-current assets classified as held for sale are presented separately and measured at the lower of their carrying amounts immediately prior to their classification as held for sale and their fair value less costs to sell. However, some held for sale assets such as financial assets, assets arising from employee benefits and deferred tax assets, continue to be measured in accordance with the Company's relevant accounting policy for those assets. Once classified as held for sale, the assets are not subject to depreciation or amortisation.

A discontinued operation is a component of the Company that either has been disposed of, or is classified as held for sale. Profit or loss from discontinued operations comprise the post-tax profit or loss of discontinued operations and the post-tax gain or loss resulting from the measurement and disposal of assets classified as held for sale. Any profit or loss arising from the sale or re-measurement of discontinued operations is presented as part of a single line item, profit or loss from discontinued operations.

o) Segment Reporting

Company has discontinued Umreth Division, hence currently there is only Real Estate Segment.

Description of Nature and purpose of other reserves:**Securities premium :**

Securities premium reserve is used to record the premium on issue of shares. The reserve is utilised in accordance with the provisions of the Act.

Capital Redemption Reserve:

This reserve was created for redemption of Preference Shares.

General reserve

General reserve is created from time to time by way of transfer of profits from retained earnings for appropriation purposes. General reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income.

Equity Instruments through Other Comprehensive Income

This represents Cumulative Gains and Losses arising on the Revaluation of Equity Instruments measured at Fair Value through Other Comprehensive Income, under an irrevocable option, net of amounts reclassified to Retained Earnings when such assets are disposed off.

Financial Instrument measured at Amortised Cost

The carrying amount of financial assets and financial liabilities measured at amortised cost in the financial statements are a reasonable approximation of their fair values since the Company does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.

Investments in these equity instruments are not held for trading. Upon application of Ind AS 109 - Financial Instruments, the Company has chosen to measure these investments in equity instruments at FVTOCI irrevocably as the management believes that presenting fair value gains and losses relating to these investments in the Statement of Profit or Loss may not be indicative of the performance of the Company.

Level 1 : Level 1 hierarchy includes financial instruments measured using quoted prices. This includes publicly traded shares and mutual funds that have a quoted price. The quoted market price used for financial assets held by the company is the current bid price.. The mutual funds are valued using the closing NAV.

Level 2: The fair value of financial instruments that are not traded in an active market (for example over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data

Note 36 - Financial risk management

In course of its business, the Company is exposed to certain financial risks that could have significant influence on the Company’s business and operational / financial performance. These include market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

The Board of Directors reviews and approves risk management framework and policies for managing these risks and monitors suitable mitigating actions taken by the management to minimise potential adverse effects and achieve greater predictability to earnings.

(A) Credit risk

Credit risk is the risk that a customer or counterparty to a financial instrument fails to perform or pay the amounts due causing financial loss to the company.

Trade receivable: Credit risk arises from company’s activities in investments and outstanding receivables from customers. Concentration of credit risk with respect to trade receivables are limited and all trade receivables are reviewed and assessed for default on a six monthly basis. Our historical experience of collecting receivables is that credit risk is low.

(B) Liquidity risk

Liquidity risk is the risk that the Company will face in meeting its obligations associated with its financial liabilities. The Company’s approach in managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due without incurring unacceptable losses. In doing this, management considers both normal and stressed conditions. Cash flow from operating activities provides the funds to service the financial liabilities on a day-to-day basis.

The following table shows the maturity analysis of the Company’s financial liabilities based on contractually agreed undiscounted cash flows along with its carrying value as at the Balance Sheet date.

(C) Market risk**a) Interest rate risk**

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primary to the Company's inter corporate deposits and loans from directors. The Company's inter corporate deposits and loan from directors with fixed interest rate is primarily short term, which do not expose it to significant interest rate risk.

b) Price risk

i) The Company's exposure price risk arises from investments held and classified in the balance sheet either at fair value through other comprehensive income or at fair value through profit or loss. To manage the price risk arising from investments, the Company diversifies its portfolio of assets.

ii) Sensitivity

The table below summarises the impact of increases/decreases of the index on the Company's equity and profit for the period :

**Note 37 - Capital management**

The Company's aim is to manage its capital efficiently so as to safeguard its ability to continue as a going concern and to optimise returns to the shareholders. The capital structure of the Company is based on management's judgement and in order to maintain or adjust the capital structure, the Company may adjust the amount of dividend, if any, paid to shareholders or issue new shares. The capital structure of the Company consists of debt, which includes the borrowings and equity attributable to owners of the Company.

Note 38 - Discontinued operations

The Company has discontinued the production of pre-cast pipes and manhole systems at its manufacturing unit at Wada as per the the resolution passed by the Board of Directors at their meeting held on 6th December'2016. The business from Wada plant represented the Pre cast pipe segment under segment reporting.
